## Volunteer Spotlight:

Meet Bud Pazur who starting volunteering at PetSmart in February 2013. He had just lost his cat of 14 years, Mickey, a black & white domestic longhair. He saw a cat at PetSmart that he was interested in, but he also saw an application to become a PetSmart volunteer, which he completed and submitted. Bud started volunteering at PetSmart because he loves being around cats - it's that simple. And he's retired, so he has the time. The only problem with volunteering at PetSmart is that he gets very attached to the cats and to certain ones especially. He tends to get worried that they won't get adopted, and he begins thinking seriously about adopting them himself. This happens quite often but so far he has resisted the temptation.

Bud has had cats since 1973. Right now he has two cats Edward and Ziggy. Edward is vision challenged, but it's not a problem. At first he bumped into things, but now he navigates very well. Bud has 5 acres in the country with paths that he keeps mowed, and he takes him for several walks a day. He loves being outside. He loves to run the length of the yard, and to sniff everything on the paths. Ziggy has been around since 2007, he showed up as a stray. He prefers outdoor freedom. Bud installed a cat door in the garage door and a bedroom for him in the garage (heated in the winter). He is in and out during the day.

Thanks to Bud for his dedication to volunteering at PetSmart. If you would like to volunteer then go to [www.myschs.com](http://www.myschs.com) and click on Volunteer, fill out an application and return it to the shelter via e-mail or stop in and drop it off.
